

7 The 7th Annual Veterinary Diagnostic Conference and Asian Expo for Veterinary Medicines and Equipment 第七届中国兽医检测诊断大会暨 亚洲兽医器械及药品展览会

2026年6月24-26日
June 24-26, 2026

郑州国际会展中心
Zhengzhou International Convention & Exhibition Center

主办单位/Organizers:

国际兽医检测诊断大会组委会
The Organizing Committee of the Annual Veterinary Diagnostic Conference

中国农业大学
China Agricultural University

南京农业大学动物医学院
College of Veterinary Medicine, Nanjing Agricultural University

兽医公共卫生安全全国重点实验室
National Key Laboratory of Veterinary Public Health and Safety

世信朗普国际展览(北京)有限公司
Shixin Langpu International Exhibition (Beijing) Co., Ltd.

协办单位/Co-organizer:

四川农业大学
Sichuan Agricultural University (SAU)

中国医学装备协会病理装备分会
Pathology Equipment Branch of China Medical Equipment Association

实验病理学公益网络学习会平台
Open online learning platform for experimental pathology

农业农村部动物流行病学重点实验室
Key Laboratory of Animal Epidemiology and Zoonosis,
Ministry of Agriculture and Rural Affairs

强有力的兽医诊断, 提高动物健康与食品安全
Robust diagnostics for enhanced animal health and food safety

Annual Veterinary Diagnostic Conference (AVDC)

The Annual Veterinary Diagnostic Conference, initiated by Global Animal Health Partners, LLC 、 University of Minnesota System 、 Iowa State University 、 Kansas State University 、 South Dakota State University 、 The University of Georgia 、 China Agricultural University 、 Nanjing Agricultural University, is committed to enhancing animal health and food safety through robust veterinary diagnostics. Hosted by the Organizing Committee of the Annual Veterinary Diagnostic Conference, China Agricultural University, College of Veterinary Medicine, Nanjing Agricultural University, National Key Laboratory of Veterinary Public Health and Safety, Shixin Lamp International Exhibition (Beijing) Co., Ltd., and co-organized by Sichuan Agricultural University, Pathology Equipment Branch of China Association of Medical Equipment, Open online learning platform for experimental pathology, Key Laboratory of Animal Epidemiology and Zoonosis, Ministry of Agriculture and Rural Affairs, and the conference has successfully convened six sessions in China, becoming the largest professional gathering in the field of veterinary diagnostics in Asia.

The 6th Annual Veterinary Diagnostic Conference held from June 14th to 16th, 2025, at Nanjing International Exhibition Center, featured 111 guests from China, United States, Brazil, Thailand, Vietnam and so on. Delivered 120 thematic presentations to 1061 attending delegates. The conference spotlighted the latest scientific breakthroughs, cutting-edge technological innovations, and a wide range of practical application cases in the field of veterinary testing and diagnosis, facilitating comprehensive and in-depth discussions. The event featured an opening ceremony with keynote speeches, 9 pre-conference workshops, 12 conference sessions, and culminated in a student oral presentation and poster awards ceremony.

The 7th Annual Veterinary Diagnostic Conference is scheduled for June 24th-26th, 2026, at the Zhengzhou International Convention & Exhibition Center. Upholding the mission of "Robust diagnostics for enhanced animal health and food safety", the conference will feature authoritative veterinary diagnostic experts from Asia, America, and Europe, presenting the latest developments in global veterinary diagnostics. Topics include experimental pathology, molecular diagnostics, virology/serology, microbiology, certification of veterinary testing, on-site rapid testing, laboratory safety, and laboratory quality management. Attendance is expected to exceed 2,000 delegates.

Conference Schedule

Registration: June 22nd-23rd, 2026

Conference Dates: June 24th-26th, 2026 (with complimentary pre-conference forums on June 24th)

The conference program will feature the CL-Davis Veterinary Pathology Training Certificate Program, jointly hosted by the China Agricultural University College of Veterinary Medicine, the Non-profit Experimental Pathology Webinar Series, and the AVDC.

Conference Objectives

- Provide a platform for learning and exchange in veterinary laboratory diagnostics, sharing the latest research advancements, technological developments, and practical tools and methods.
- Assist in building veterinary diagnostic laboratory testing capabilities for carrying out disease detection and monitoring.

- Offer international-level veterinary diagnostic expertise to food animal producers, pet owners, researchers related to animal experiments and researchers of wild and rare animals.
- Train personnel, researchers and students in veterinary testing and diagnostic laboratories.

Areas Covered by the Conference

- Veterinary diagnostic research and practice
- New veterinary diagnostic tools and technologies
- Enhancing testing capabilities and efficiency
- Experimental pathology
- Operation and management of veterinary testing and diagnostic laboratories
- Quality assurance and quality control of testing
- Testing and diagnostic in laboratory accreditation
- Laboratory information management systems
- Utilizing the testing and diagnostic data for disease surveillance and control
- Testing and diagnostics as tools for ensuring food safety and security
- Testing as tools for vaccine development

Committee Members (Listed in alphabetical order by surname):

- *Jianfa Bai, Kansas State University*
- *Richard French, Global Animal Health Partners, LLC*
- *Jane Hennings, South Dakota State University*
- *Ting Lei, International Partner for Animal Health*
- *Frank Liu, University of Minnesota*
- *Zhen Yang, Nanjing Agricultural University*
- *Jianqiang Zhang, Iowa State University*
- *Xiangmei Zhou, China Agricultural University*

Target Audience

- Managers and technical staff of veterinary testing and diagnostic laboratories
- Researchers and pathologists in the field of veterinary testing and diagnostics
- Veterinary testing and diagnostic service providers
- Manufacturers and suppliers of testing instruments and equipment
- Producers and distributors of laboratory supplies
- Producers and distributors of animal welfare products
- Veterinary technical personnel involved in the sales and marketing of animal welfare products
- Veterinarians in livestock production
- Regulatory and management authorities for animal health and food safety
- Animal welfare organizations and institutions
- University professors and researchers
- Researchers related to animal experimentation

- Graduate students and postdoctoral researchers interested in veterinary diagnostics

Conference Registration Fees and Deadlines

- Early Bird Registration (by March 13rd, 2026): RMB 1500 per person (or USD 250 per person)
- Regular Registration (March 14th - May 11th, 2026): RMB 1800 per person (or USD 300 per person)
- Late Registration (after May 11th, 2026): RMB 2100 per person (or USD 350 per person)
- One-day Registration: RMB 1200 per person (or USD 200 per person)
- Student Registration (valid student ID required): RMB 600 per person (or USD 100 per person)

Abstract Submission Deadline for Oral and Poster Presentations:

To be considered for oral presentation, March 1st, 2026; Participate in poster presentation only, April 1st, 2026.

* Registration fees include: access to all conference sessions, conference materials, conference gifts, two lunches, and all coffee breaks.

* Special group discounts are available. Please contact the organizing committee directly for details.

* Participants of the Annual Veterinary Diagnostic Conference are eligible for Continuing Education credits issued by the Chinese Veterinary Medical Association.

* Students submitting oral presentation abstracts and poster abstracts are exempted from the conference registration fee.

* The conference featured Student Oral Presentation and Poster Awards.

Presentation Formats

Conference Presentations: The conference will feature invited speakers and open submissions. Sessions include pre-conference training, keynote presentations, plenary sessions, and parallel sessions, covering all aspects of veterinary diagnostics related to food animals (swine, cattle, sheep, poultry, aquaculture), experimental animals and pets.

Poster Presentations: The conference provides an opportunity for academics and industry delegates to present posters on topics related to veterinary diagnostics of food animals (swine, cattle, sheep, poultry, aquaculture), experimental animals, pets, and wildlife. Institutions, universities, industry associations, and enterprises are encouraged to participate actively. Student participation in presentations and poster are particularly encouraged, with student oral presentations and poster awards available. Poster submissions will close on April 1st, 2026, oral submissions will close on March 1st, 2026, and posters will be displayed throughout the three-day conference. Detailed instructions on preparing and submitting posters will be provided.

Student Oral Presentation and Poster Awards: First, Second, and Third-place awards were conferred by the Conference Awards Committee upon selected student oral presentations and posters, based on a rigorous review process. The winners will receive certificates and monetary prizes.

Asian Expo for Veterinary Medicines and Equipment

With changes in global farming practices, ecological environments, and the accelerating process of global

economic and trade integration, the pattern of animal disease outbreaks has significantly altered, posing serious threats to global socioeconomic and public health security. In this context, there is a rapidly expanding demand for veterinary diagnostic services. Furthermore, with the rise of pet culture and an exponential growth in the number of pet owners, the veterinary equipment and pharmaceutical industry is presented with significant market development opportunities. AVDC is the only exhibition and exchange platform focusing on veterinary equipment and pharmaceuticals. The previous edition of the exhibition attracted active participation from 95 multinational and industry-leading enterprises, covering an area of 6,100 square meters. The upcoming exhibition will comprehensively showcase veterinary equipment, pharmaceuticals, and related products, services, latest achievements, and technologies. Over 300 exhibitors are expected to participate in this edition, covering an exhibition area of 20,000 square meters, with an estimated attendance of 20,000 professional visitors.

Schedule

Exhibition Setup: June 22nd-23rd, 2026

Exhibition Dates: June 24th-26th, 2026

Exhibition Dismantling: June 26th, 2026, 16:00

Venue

Zhengzhou International Convention & Exhibition Center, China

Exhibition Scope (including but not limited to)

- Veterinary drugs, vaccines, and animal health products
- Veterinary equipment and tools
- Diagnostic testing technologies and equipment
- Veterinary CT, DR
- Diagnostic test reagents
- Laboratory equipment and instrumentation
- Laboratory facilities and supplies
- Veterinary diagnostic services
- Laboratory information management systems
- Veterinary testing and diagnostic training services
- Other related fields

Booth Fees

- Red Zone: RMB 1,200/sqm (Bare Space), RMB 12,000/booth (Standard Booth)
- Blue Zone: RMB 980/sqm (Bare Space), RMB 9,800/booth (Standard Booth)
- International Enterprises: USD 200/sqm, USD 2,000/booth

* Note: Every 9 square meters of exhibition space or one standard booth will receive one complimentary conference registration. Exhibitors registering for the conference will receive a 10% discount on the registration fee at the time of registration.

Sponsorship and Advertising Opportunities

Sponsorship Opportunities

We welcome industry sponsorship to support the conference. During the conference, we aim to provide a platform for companies to interact with clients, enabling sponsors and exhibitors to better support the development of the veterinary diagnostics industry and provide high-quality products and services to their customers. We offer the following sponsorship options for corporate entities:

- Co-Organizers: Strategic Co-organizers
- Main Sponsorship: Platinum Sponsorship, Gold Sponsorship, Silver Sponsorship
- Catering Sponsorship: Dinner Sponsorship, Lunch Sponsorship, Coffee Break Sponsorship, Drinking Water Sponsorship
- Material Sponsorship: Pen Sponsorship, Tote Bag Sponsorship, Notebook Sponsorship, Souvenir Sponsorship

* For detailed information on sponsorship projects and return plans, please contact us through the contact information provided below.
